

SUPERVISOR OF CONTROL SYSTEMS

The City of Camrose is seeking an energetic, highly motivated individual to fill the full-time permanent role of Supervisor of Control Systems. This position will be responsible for providing a wide variety of Electrical and Instrumentation installations, maintenance and systems integration throughout the City.

DUTIES/RESPONSIBILITIES (but not limited to):

Water and Waste Water Systems

- Install, program and maintain all PLC's, HMI's and SCADA control systems, in control of pumping and treatment facilities.
- Install and maintain all measurement devices and controlled equipment such as actuators, variable frequency drives, soft starts, motor control centres.
- Install and maintain electrical infrastructure from changing ballasts to installing panels, including large-scale installations, such as the Lake station generator.
- Assist operators, consultants and contractors with installations, start-ups and general operations of stations.
- Provide on call services for after hour emergency services.

Transportation

- Maintain traffic control devices including pedestrian/traffic signals and control cabinets. Coordinate contractor maintenance and construction projects.
- Provide capital project upgrade suggestions and monitor operating budgets for traffic signals.
- Provide on call services for after hour services.

Communication

- Work in conjunction with IT services on planning and installation of citywide fibre network.
- Assist IT to install, maintain and troubleshoot Utilities fibre, Ethernet and wireless communications.
- Provide locating services for all citywide communications, fibre and underground electrical infrastructure in response to Alberta One Call.

QUALIFICATIONS:

- Master Red Seal Journeyman Electrician.
- Minimum of two (2) years Process Control Experience.
- Red Seal Instrumentation or Post-secondary Diploma in Instrumentation Technology would be an asset.
- International Municipal Signal Association Traffic Signals 1 or equivalent would be an asset.
- Certificate in Utility Line locating would be an asset.
- Valid Class 5 Drivers License.

HOURS OF WORK: Hours of work are typically 8:00 a.m. to 5:00 p.m. Monday through Friday. After-hours work may occasionally be assigned including emergency response.

ANNUAL SALARY: The City of Camrose offers competitive salary, attractive benefits, and a positive work environment. The starting salary for this position will be dependent upon the qualifications and experience of the successful candidate.

APPLICATIONS: Individuals interested in this position are invited to submit a cover letter and resume to the address below by May 20, 2022 at 4:30 p.m. Interviews will be conducted throughout the process. ***We appreciate and consider all applications; however, only candidates selected for interviews will be contacted.***
