

Lead Hand - Utilities Construction (Permanent, Full-Time) # 785

Closing Date: September 23, 2022.

At the City of Kamloops, we believe in progressive and barrier-free recruitment for everybody every day. This means employment opportunities for all in a safe, inclusive and diverse workplace. We know our city is stronger when we hire qualified individuals from different backgrounds with diverse experiences, cultures and perspectives.

We are focused on creating the highest levels of service excellence, based on an organization-wide community culture that celebrates our employees who make it all happen. We are known as Canada's Tournament Capital and are famous for our hospitality and community spirit, traits that make us a leader! Recreation, sports, arts and culture, health care, social activities, volunteerism, and affordable housing all meld to form a unique blend of big-city amenities with small-town ambience. This is Kamloops!

Let's make Kamloops shine! Join our team today.

Position Overview

An exciting opportunity exists for a Permanent, Full-Time Lead Hand – Utilities Construction with the City of Kamloops! Check out this amazing leadership position, which involves providing considerable supervision to several Equipment Operator, Pipefitter/Layer, and Utility Services Worker positions. If you are a hard-working person with experience planning, scheduling, and supervising the installation and repair of sewer and waterworks piping, water mains, storm sewers, valves, and fire hydrants, this is the position for you.

The successful candidate must have the following qualifications:

- Completion of secondary school or its equivalent.
- Completion of BC EOCP Level I Certification in the following:
 - Water Distribution Systems
 - Wastewater Collection Systems
- Valid Class 5 BC driver's licence.
- Proficient in basic Word, as demonstrated through testing. A 70% pass rate is required.
- Minimum five years' previous experience installing, repairing, and maintaining water, sewer, and drainage infrastructure.
- Minimum three months' previous experience supervising crews involved in the installation and repair of underground utility works.
- Three months' experience, within the last five years, in the principles of underground utility locating with the use of radio detection equipment.

More than one may be hired.

A comprehensive benefits package is included.

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check.
