

BUILD A CITY. BUILD A FUTURE.

Accounting Clerk 1 – Accounts Payable

As one of the fastest growing cities in Canada, City of Surrey is a globally recognized leader in building vibrant, sustainable communities through technology and innovation.

*City of Surrey employees are talented innovators, inspired by meaningful work and the opportunity to drive our city—and their careers—forward.
Build a City. Build a Future at the City of Surrey*

Scope

The Accounting Clerk 1 - Accounts Payable is responsible for routine accounting and clerical work, including, maintaining the accounts payable supplier account records, and managing supplier relationships, including reconciling accounts, assisting in ensuring the accurate entry and disbursement of supplier transactions and working with the Accounts Payable Manager and Accounts Payable Supervisor to effectively manage the City's accounts payable processes.

Employment Status

Union - CUPE Local 402 – Regular Full Time.

Responsibilities:

- You employ attention to detail to maintain a high level of accuracy while overseeing and maintaining supplier master records and reconciling supplier statements. This includes the setting up of suppliers as well as direct payment set-up and review.
- Through teamwork, you will collaborate with other members of the Accounts Payable team to assist in ensuring the accurate entry and disbursement of supplier transactions, including the processing of complex purchase order supplier transactions and oversight of purchase card transaction processing.
- Using your excellent interpersonal skills, you will provide exceptional service to internal and external stakeholders.
- Using your outstanding communication skills, you will effectively explain Accounts Payable policies and procedures by telephone, in person and in writing.
- You will perform, assist, and support the various disbursement processes required to support the Accounts Payable Supervisor.
- You will efficiently scrutinize documents against guidelines and identify non-conforming elements to prevent against errors.
