## Project Technician (Buildings)

### Build the way forward!

The City of Kelowna has an opportunity for you! Our dynamic Infrastructure Delivery Department requires an additional staff member to manage Buildings Capital related projects. Within this team the Project Technician (Buildings) primary focus is to manage the design, procurement and construction of building renovations, improvements, mechanical upgrades, civic spaces and recreation facilities. In addition to project management abilities, knowledge of building systems, codes and construction practices, plumbing, HVAC and electrical is also an asset.

You have related experience in the areas of construction, design, renovations and project management. Post-secondary Diploma in a related area plus several years' experience. You will have people management experience, excel at working within teams and have above average service skills.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly. Live, work and play in one of Canada's fastest growing cities. Kelowna boasts miles of lake access, public areas and outdoor recreation opportunities, a vibrant downtown and cultural scene, healthy and connected neighbourhoods, and a world-renowned College and University. You're only a quick link to the world via the Kelowna International Airport.

Grow your career in an organization that supports employee work-life balance and career and professional development. This is a CUPE bargaining unit position with an hourly progression from \$45.91 to \$48.82 plus employer-paid comprehensive benefits, an earned day off program, paid vacation and one of Canada's top pension plans.
