

Job Opportunity

Electrical Engineer (Full-time/Permanent)

The City of Summerside is seeking a highly motivated and responsible individual for the position of Electrical Engineer. Reporting to the Director of Municipal Services, the position provides technical expertise to various City departments as required including assisting with troubleshooting, maintenance planning, budget preparation, efficiency, and performance studies.

Duties will include:

- Provide capital and maintenance planning, engineering design and project management services for the electrical utility.
- Perform load studies/forecasts and economic analysis of energy supply options.
- Ability to express ideas effectively, orally and in writing, and analyze a variety of technical problems, make recommendations as to their solution, and to prepare working procedures.
- Prepare reports, attend meetings of Council, committees, and other organizations.
- Develop and maintain effective working relationships with municipal officials and employees, other level of governments, and the public.
- Other duties, responsibilities, and functions as assigned by the Director.

Required Qualifications and Competencies:

- Bachelor's degree in electrical engineering from a recognized university or technical institute along with a minimum of 3 years of experience in utility or consulting engineering.
- Knowledge in planning, design, supervision, and trouble shooting of the installation of capital additions to a diesel generation plant and high voltage substation and electrical distribution system is an asset.
- Must be eligible for registration with the Association of Professional Engineers of PEI.
- A valid driver's license and access to a vehicle is required.
- Bilingualism would be considered an asset.

The City of Summerside offers a superior work environment along with an attractive benefits package including a defined benefits pension plan, comprehensive medical/dental coverage, and 3 weeks of vacation to start.

Applicants are invited to submit a confidential **cover letter & resume** via email with "Electrical Engineer" in the subject line to: jobs@summerside.ca

Salary Range: \$104,965-\$122,856 (40 hours per week)

Closing Date: Friday, March 1st, 2024, by 1:00pm.

We would like to thank all applicants for their interest; however, only those who are selected for an interview will be contacted.
