Job Overview

The Township of Langley is currently recruiting for a regular full-time Engineering Technologist II to join our team of professionals in the Public Works Division, Stormwater Department. Reporting to the Stormwater Manager, in this unionized position you will apply your knowledge, creativity and experience to coordinate projects, monitor progress and assist in the direction of stormwater design projects and contract administration.

Responsibilities

- Design, plan, estimate, inspect and review infrastructure for stormwater systems and related road rehabilitation, construction and maintenance
- Liaise and coordinate between engineering and/or construction firms and operations, establish project requirements and prepare project schedules while monitoring budgets
- Prepare, review and maintain a variety of materials such as technical studies and status reports, correspondence, tender and project specifications
- Design and prepare layout work for large project components and review all invoices, change orders and other payment claims
- Conduct field inspections and ensure that all work is performed in accordance with contractual terms and established regulations
- Liaise with a variety of internal and external contacts including other departments, the public, consultants, contractors, engineers and other agencies on engineering requirements, policies and related matters
- Perform related work as required

Qualifications

- Graduation from an Institute of Technology with a diploma in civil and structural technology, building technology or other related discipline, including or supplemented by courses in project management, plus considerable related experience preferably in a Municipal setting, or an equivalent combination of training and experience
- Considerable knowledge of engineering principles and construction practices and procedures applicable to the work performed
- Sound knowledge and experience of budgeting and standard cost fundamentals for projects and programs
- Ability to communicate effectively and tactfully with internal/external contacts, the public, consultants, and contractors
- Working knowledge of the Master Municipal Construction Documents will be considered an asset

Required Certifications/Licenses

Candidates **must** have the following valid and **current** certifications/licenses (must be valid at the time the posting closes) and these **must** be attached with your application.

- BC Class 5 (full-privilege) Driver's License or equivalent driver's license for where you reside. You must include with your application a current **Personal Driving Record (select the 5-year option if obtaining online)** that has been obtained within 6 months of the closing date. To obtain a copy of your **Personal Driving Record**, please contact ICBC directly. Please note that a copy of your Driver's License and/or Driver Factor Report **will not** be accepted.
- Certification or eligibility for certification as an Applied Science Technologist within the Province of British Columbia

Applications without the attached required documents above will be deemed incomplete and may not be considered. Please title your attachments with the number of this competition and have these documents ready to upload when you apply.
