Job Overview

The Township of Langley is currently recruiting for a regular full-time **Junior Utilities Planning Engineer (one position total from #24-E005 and #24-E004)** to join our team of professionals in the Engineering Division. Reporting to the Senior Utilities Engineer, in this Exempt position you will be accountable for long range planning and budgeting of municipal water and sewer infrastructure. The Junior Utilities Planning Engineer manages capital projects and ensures completion is on time, within budget, in accordance to municipal standards, and that planned capital and development works are consistent with future utility needs.

Responsibilities

In this role, you will plan and organize the collection of data, develop and calibrate computer models of water and sewer systems, and make recommendations for future capital programs. You will manage the Water and Sanitary Master Plans and Engineering Servicing Plans, prepare long range capital utility budgets and assist in updating short-term capital plans, Development Cost Charge bylaws and supporting material for roads, water sewer and drainage facilities. The Junior Utilities Planning Engineer responds to enquiries and provides technical advice to staff on engineering matters including, costs and feasibility of servicing new areas and water system flows throughout the municipality.

Qualifications

Your education will include a degree related to the work and professional designation plus a minimum of three years work related experience with progressively more responsibilities, and some municipal experience. With strong written, interpersonal communication and project managements skills, you have the ability to provide to generate, analyze and use statistics and develop and adhere to budgets. You have knowledge of the Municipal Act, regulations, policies, procedures and bylaws.

Required Certifications/Licenses

Candidates **must** have the following valid and **current** certifications/licenses (must be valid at the time the posting closes) and these **must** be attached with your application.

- BC Class 5 (full privilege) Driver's License. You must include with your application a current **Personal Driving Record (select the 5-year option if obtaining online)** that has been obtained within 6 months of the closing date. To obtain a copy of your **Personal Driving Record**, please contact ICBC directly or the driving authority where you reside. Please note that a copy of your Driver's License and the Driver Factor Report **will not** be accepted.
- Designation as an Engineer in Training (EIT) with Engineers and Geoscientists of British Columbia

Applications without the attached required documents above will be deemed incomplete and may not be considered. Please title your attachments with the number of this competition and have these documents ready to upload when you apply.
