CITY OF PRINCE GEORGE

MANAGER, INFORMATION & SYSTEMS TECHNOLOGY SERVICES
REGULAR FULL-TIME
INFORMATION & SYSTEMS TECHNOLOGY SERVICES / FINANCE & IT SERVICES

Lead the IT Services Team in Implementing Effective and Secure IT Services!

About Our Community:
Boasting a high quality of life and standard of living, Prince George has all the amenities of a large city mixed with the friendliness and appeal of a smaller community. It is a regional centre for close to 326,000 people for shopping, education, health care, the arts, and sports. Prince George's central location in the province offers work/life balance with unparalleled access to four-season outdoor recreation activities that are complemented by a full range of urban amenities and a comprehensive transportation infrastructure that connects residents, businesses, resources, and agricultural products to markets around the world. And it is only a short drive to almost anywhere in Prince George – spend less time commuting and more time doing what matters most to you! Discover all these opportunities and more!

About Our Organization:
The City of Prince George is committed to ensuring a positive, well-balanced work environment for its employees. With opportunities for employee training, wellness programs and professional development the City of Prince George offers a safe and supportive workplace to serve our community.

About The Opportunity:
As the Manager of Information and Systems Technology Services, you will lead the strategic planning and implementation of Information and Systems Technology solutions, ensuring that investment in technology enables the provision of effective, secure, and fiscally responsible services to the citizens and staff of the City of Prince George. The Manager leads a staff of professionals and multiple service providers and is recognized as a leader in the introduction of e-government services and other client centric solutions that improve customer service and provide efficiencies in the delivery of municipal services.

About Your Background:
You have a bachelor's degree in computer science or a related discipline as well as a minimum of seven years of progressive experience in the Information and Technology Systems management field. An advanced understanding of information technology architectures, trends, industry directions, and product capabilities is required. Significant leadership experience is also required, preferably in a unionized environment. Municipal experience, as well as certifications in Project Management, Process Improvement and Cyber Security, are considered assets.

Why You Will Love Managing our IT Services Team at the City of Prince George:
- Showcase your leadership skills by coaching and motivating staff.
- Enjoy a competitive salary of $135,134 to $148,996 plus excellent benefits and pension.

Please refer to the job description on our website for more details about this exciting career!
