Web & Mobile Developer-Application Analyst 3 (3 Year Term)

SCOPE

The City of Surrey has launched a three-year Action Plan to address the delivery of housing and support affordable housing projects that aims to increase new housing by 27.8% in our city. This action plan is supported by the $95 million Housing Accelerator Fund (HAF) that was awarded to the City by the Canada Mortgage and Housing Corporation (CMHC). The Housing Accelerator Fund (HAF) will help improve the development approval process through an action plan designed to:

- Facilitate the delivery of housing in the short and long term;
- Enhance the certainty in the permit approval process;
- Increase access to affordable housing;
- Continue to support the development of complete communities that are sustainable and inclusive; and
- Further position Surrey as a destination for investment.

Help us deliver on Surrey's Action Plan. If you're looking for meaningful work that will directly impact the communities we live in, apply this job opportunity today.

Reporting to the IT Digital Services Manager the **Web & Mobile Developer AA3** will play a key role in the City's action plan to accelerate various housing initiatives. This role is ideal for a web development expert who excels in collaborative, dynamic and fast-paced project environments. We are in search of a task oriented, self-starter who is confident, has exceptional communication skills and knows how to find balance with guidelines.
