

BUILD YOUR CAREER

WITH THE CITY OF PRINCE GEORGE

ENGINEERING TECHNICIAN REGULAR FULL-TIME TRANSPORTATION & TECHNICAL SERVICES / CIVIC OPERATIONS

Use your Technical Expertise in Engineering Design to Support Civic Operations!

About Our Community:

Boasting a high quality of life and standard of living, Prince George has all the amenities of a large city mixed with the friendliness and appeal of a smaller community. It is a regional centre for close to 326,000 people for shopping, education, health care, the arts, and sports. Prince George's central location in the province offers work/life balance with unparalleled access to four-season outdoor recreation activities that are complemented by a full range of urban amenities and a comprehensive transportation infrastructure that connects residents, businesses, resources, and agricultural products to markets around the world. And it is only a short drive to almost anywhere in Prince George – spend less time commuting and more time doing what matters most to you! Discover all these opportunities and more!

About Our Organization:

The City of Prince George is committed to ensuring a positive, well-balanced work environment for its employees. With opportunities for employee training, wellness programs and professional development the City of Prince George offers a safe and supportive workplace in which to serve our community.

About The Opportunity:

In this role you will assist with the preparation of engineering design documentation for municipal infrastructure projects utilizing engineering design software. You will also provide technical support to the Civic Operations Department by preparing and coordinating as-built record drawings and data for submittal to the City's GIS Department. Apply your technical expertise to ensure that all work complies with current municipal, Provincial, Federal, and environmental standards.

About Your Background:

An excellent communicator, you have effective organization, prioritization and time management skills and can handle multiple tasks while meeting deadlines under a demanding workload. Requirements include completion of a two (2)-year post-secondary program in civil engineering technology from a recognized technical institute, eligibility for certification with the Association of Technologists and Technicians of B.C. (ASTTBC), and two (2) years of experience in the civil engineering field. Previous municipal experience will be considered an asset. In addition, you have a mechanical aptitude and knowledge of survey requirements for design and construction activities, utility infrastructure design, elementary engineering and surveying practices and procedures. Advanced computer aided drafting and design skills are essential for this position.

Why You Will Love Working for our Transportation & Technical Services team at the City of Prince George:

- You enjoy working in a proactive team environment are committed to service excellence.
- Enjoy a competitive wage of \$36.04 - \$36.95 per hour plus an excellent benefits and pension package.
