**About the City of Welland...** At the City of Welland, we're continuously rewriting our story. Not because we don't know where we're going, but because we are constantly reaching for new heights, engaging in new approaches, and pursuing what many believe to be unattainable or too ambitious. At the City of Welland, we're not satisfied with the status quo. And we're certainly not satisfied with doing things simply because that's how they were done in the past.

We expect our population to increase to over 80,000 in the next 20 years, and serving a diverse, growing community requires strategic thinkers, norm breakers, and passionate civil servants. In Niagara, Welland's growth leads every other municipality, and the City is becoming the region's heartbeat. So, we invite you to author your chapter and contribute to the overall body of work the City of Welland is creating. At the City of Welland, your ideas are nurtured, your input is invited, a healthy work-life balance is available, and most importantly, your voice will make a difference. So, if that sounds like something you want to be a part of, we want to hear from you. We're ready when you are.

**About the position...** Reporting to the Manager of Information Services, the Network Analyst will lead our team in ensuring the stability, security, and efficiency of our network infrastructure. The ideal candidate will possess strong leadership qualities, technical expertise in network analysis, and a proven track record of managing complex network environments. This role requires the ability to provide supervision to department staff, develop strategic plans for network optimization, and collaborate with other departments to support organizational goals.
