

PLANNING ENGINEER, UTILITIES

MAKE THE PLAN. FOLLOW THE BUDGET. MEET THE DEADLINES.

We are inviting applications from candidates with the proven skills, qualifications and abilities for the position of Planning Engineer. If you are self-motivated, looking to take on a new challenge where you can make a difference, enjoy both responsibility and accountability, and want to work with one of British Columbia's most inclusive and environmentally conscious municipalities, we can't wait to meet you!

WHERE IS THE JOB?

Located on southern Vancouver Island, North Cowichan employs 450 staff and is home to just over 31,000 residents. The Municipality sits right between Nanaimo and Victoria, and is a community of communities, so you will have a direct hand in impacting the lives of Chemainus, Crofton, Maple Bay, and South End/University Village. Your office will be in Duncan on the Trans-Canada Highway, meaning an easy commute home in any direction.

WHAT WILL YOU BE DOING?

You will focus on the short and long-term planning of water, sanitary, drainage/flood protection, and roads/active transportation infrastructure. You'll support the infrastructure design and construction section, and support the Operations Department with the operation and maintenance of all water, sanitary, drainage/flood protection, and roads/active transportation assets. With your degree in Engineering and your P.Eng. designation, you'll use your expertise to lead the way in:

- Water, sanitary, drainage modelling, transportation modelling.
- Asset management processes.
- Conceptual and Preliminary design of infrastructure.
- Assist in the operations and maintenance of sanitary and water treatment systems.
- Servicing assessments for land development applications.
- Management of designated departmental staff.

WHAT WILL YOU GET OUT OF IT?

- A competitive annual wage of \$108,141 - \$118,168 and a comprehensive (dare we say, outstanding) benefits package.
- A fantastic lifestyle with outdoor adventures galore. Don't believe us? Check out our visuals: <https://youtu.be/IHYXh4xIQYs?si=CGUJeDigqIN-C2a>
- The chance to make a big difference with a diverse and supportive team.

WHAT DO YOU BRING TO THE TEAM?

- Ability to thrive in a team environment.
- Demonstrable ability to keep accurate records and notes to prepare conceptual and preliminary drawings, other utility records, spreadsheets using Microsoft Office, AutoCAD, and other programs.
- Demonstrable ability to manage direct engineering and project team staff in a unionized environment.
- Independence of judgement and capacity of working with minimal supervision.
- Demonstrable ability to present complex technical and financial materials to senior leadership and Council.

WHAT DO YOU DO NOW THAT YOU'VE READ THIS AD?

Send your resume and cover letter to Tall Cedars Search & Recruitment. A Supplementary Package can be obtained by request from the Consultant, which includes a complete job description and full details of the compensation and benefits.
