

Careers

Instrumentation/Electrical Technician

Bring your electrical and instrumentation knowledge and experience to our Water team. Working in an industrial electrical environment, you will install, calibrate, maintain and repair electrical and instrumentation components, configure programmable logic computers, wireless communication networks and troubleshoot electrical and instrumentation problems in City Water Treatment & Supply facilities.

To be successful, candidates will require an Electrical Trade Ticket, along with a Highschool Diploma and a Class 5 Driver's License. Preference may be given to those that hold or can obtain an FSR designation and/or hold a Diploma in Instrumentation Technology. Please note that the successful candidate must be able to travel to the designated work location within 20-minutes due to emergency on-call requirements.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly. Live, work and play in one of Canada's fastest growing cities. Kelowna boasts miles of lake access, public areas and outdoor recreation opportunities, a vibrant downtown and cultural scene, healthy and connected neighbourhoods, and a world-renowned College and University. You're only a quick link to the world via the Kelowna International Airport.

Grow your career in an organization that supports employee work-life balance and career and professional development. This is a CUPE bargaining unit position with employer-paid comprehensive benefits, paid vacation and one of Canada's top pension plans plus a rate of \$43.93 per hour plus.

There is a career development plan in place for the Red Seal Instrumentation ticket with an opportunity to earn up to an additional \$3 per hour upon completion.
