City of
Kelowna

Come join our Information Technology team to provide strategic direction and business innovation support for the city's data analytics, open data, and GIS systems. As the Data Services & Analytics Manager, you will work with the broader community to develop partnerships that promote the development and use of open data and smart systems and collectively solve city challenges. You will analyze and translate business strategies, plans and requirements into efficient and cost-effective information systems. You will also work with the Information Technology management team to assess future direction of data analytics, open data, corporate data, and enterprise systems.

Qualifications

Ideal candidates will be proven influential leaders with excellent communication, teambuilding, and interpersonal skills to effectively manage staff and build strong working relationships and partnerships with internal and external stakeholders. A Bachelor of Science Degree in Computer Science supplemented with extensive experience in the information systems field as well Geo-spatial data & tools and visualization tools is required. Candidates need a comprehensive understanding of information systems, large business systems life cycle, data analytics, open data, project management, networks and applications and their interrelationships, software quality assurance, data security, web development. We are looking for someone with a deep curiosity and appetite to continuously learn and develop oneself in pursuit of making an impact and driving change.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly. Live, work and play in one of Canada's fastest growing cities. Kelowna boasts miles of lake access, public areas and outdoor recreation opportunities, a vibrant downtown and cultural scene, healthy and connected neighbourhoods, and a world-renowned College and University. You're only a quick link to the world via the Kelowna International Airport With modern technology and an ever-changing virtual landscape, we may be willing to consider applicants who are wanting to work from home, provided you reside in the Okanagan region, with the ability to come into the office, as required.

Grow your career in an organization that supports employee work-life balance and career and professional development. This exempt position offers a salary range of $126,500 to $147,500 annually, employer-paid comprehensive benefits, an earned day off program, paid vacation and one of Canada's top pension plans.

The City of Kelowna is committed to being an organization that values and reflects its community's diverse population, and to fostering an equitable, inclusive and progressive work environment where everyone can be their authentic self and feels a sense of belonging.
