

BUILDING AUTOMATION AND ENERGY TECHNICIAN

Regular Full Time

About Us

One of BC's Top Employers, the City of Coquitlam offers meaningful career opportunities to make a difference within the local community. As the sixth largest city in BC, we are home to more than 150,000 residents. Our diverse municipality is a great place to work as it continues to grow through innovative urban design, inspiring arts, culture and recreation programs, and state-of-the-art transportation systems. Our brand is built on managing our resources in a responsible and sustainable manner, while supporting a vibrant, growing regional urban centre. We envision a bright future in Coquitlam that we hope includes you!

About You / What We Are Looking For

This is a technical, inspectional and administrative role involved in coordinating asset planning for building and plant equipment to align with the City's energy reduction mandate. Our next Building Automation and Energy Technician will develop and update energy asset inventory models to ensure best practices; assist with the implementation of energy related projects for various City facilities; and provide specifications, quotes and cost estimates. The work involves analyzing data from Direct Digital Control (DDC) systems, and planning DDC system programming and scheduling for energy efficiency and conservation. The successful candidate will monitor and evaluate energy management program effectiveness and document performance trends over time. They will also research new technology and products related to the HVAC and energy markets for efficiency and cost effectiveness. The successful candidate will identify issues, gaps, and opportunities through technical analysis, and provide advice and recommendations in order to improve programs and initiatives. The next Building Automation and Energy Technician will direct, coordinate and supervise the daily work of contractors and consultants, and assist in scheduling technical staff.

Minimum Qualifications

- Diploma in building technology, a related discipline, or a technical certificate in DCC or HVAC systems, plus considerable related experience in asset management and renewal projects. A candidate with equivalent combination of education and experience may be considered.
- Drivers Licence for the Province of British Columbia.

What We Offer:

This CUPE position has an hourly rate range of \$42.44 - \$50.12. The rate of pay is based on a variety of factors including qualifications, knowledge, experience and skills.

You will have the chance to join a rapidly growing and diverse team dedicated to supporting the local community, and be able to engage in variety of learning and development opportunities. Additionally, there is an opportunity to participate in an earned day off program. This position is based in Coquitlam. The City offers an attractive vacation and extended benefits package, including the ability to contribute to the Municipal Pension Plan.

Accessibility / Equal Opportunity Employer

The City of Coquitlam is proud to be an Equal Opportunity Employer working towards enhancing equitable practices in our recruitment and retention processes. As an organization we are committed to creating an inclusive work environment to support our growing and diverse work force. To learn more about what equity, diversity, and inclusion means, and the City's efforts in support of these principles, please visit coquitlam.ca/edi for more information.

If at any time during the application or recruitment process you require additional assistance or an accommodation, please contact our team for confidential support. Staff can also provide in-person support if required.

Applicants under consideration may be required to undergo a police information check (with no adverse reports).
