

Make working for  
The City work for you.

## Junior Operator – Wastewater Collection Operations & Maintenance

If you are committed to public service, enjoy collaborating with others, share our values and have a desire to learn and grow, join [The City of Calgary](https://www.calgary.ca). City employees deliver the services, run the programs and operate the facilities which make a difference in our community. We support work-life balance, promote physical and psychological safety, and offer competitive wages, pensions, and [benefits](#). Together we make Calgary a great place to make a living, a great place to make a life.

The City is committed to fostering a respectful, inclusive and equitable workplace which is representative of the community we serve. We welcome those who have demonstrated a commitment to upholding the values of equity, diversity, inclusion, anti-racism and reconciliation. Applications are encouraged from members of groups that are historically disadvantaged and underrepresented. Accommodations are available during the hiring process, upon request.

Under the direction of the Senior or Intermediate Wastewater Operator, the Junior Operator will participate in activities that include the following:

- Learn and execute the processes for maintenance and/or repair of the wastewater system.
- Learn and apply components of public health and safety related to wastewater management.
- Perform assigned inspection, assessment activities and maintenance activities throughout the city on the wastewater system. (This is not a wastewater treatment plant or laboratory-based position.)
- Provide support to a variety of wastewater maintenance crews.
- Learn and apply environmental and OHS legislative requirements related to the wastewater system.
- Learn and operate an array of equipment within the wastewater system.
- Perform confined entry work within the wastewater system as required.
- Learn and perform customer facing service-based work within the wastewater system.
- Other duties as assigned.

### Qualifications

- A High School Diploma or GED equivalent with at least 2 years of utility experience; OR
- A 1 year technical certificate in Water and Wastewater (i.e. NAIT) and no experience; OR
- A 2 year Water Engineering Technology Diploma (Water and Wastewater option i.e. Okanagan College) and no experience.
- A valid full Class 5 Driver's License (or provincial equivalent) with no more than 6 demerits, and no current suspensions or charges pending.
- Must be able to obtain Level 1 Wastewater Operator Certification within 2 years.
- Previous experience related to the operating section of this position will be given preference.
- Education related to wastewater systems is preferred.
- Preference will be given to applicants with the ability and willingness to use software and desktop or remote devices.
- Interpersonal and adaptability skills are required for success in this position.

### Pre-employment Requirements

- A security clearance will be conducted.
- Successful applicants must provide proof of qualifications.
