

BUILD A CITY. BUILD A FUTURE.

DEVELOPMENT REVIEWER (PROJECT ENGINEER)

(Term – 18 Months)

As one of the fastest growing cities in Canada, City of Surrey is a globally recognized leader in building vibrant, sustainable communities through technology and innovation.

*City of Surrey employees are talented innovators, inspired by meaningful work and the opportunity to drive our city—and their careers—forward. **Build a City. Build a Future** at the City of Surrey*

SCOPE

With over 1000 new residents per month, the City of Surrey is one of the fastest growing municipalities in Canada. To support this growth and help continue to build a thriving, green and inclusive city, our Engineering Land Development Division is hiring a Development Engineer who will play a key role in overseeing the engineering components of development applications and supporting the Development Services section.

RESPONSIBILITIES

Primary accountabilities of this role are to:

- Providing engineering review of land development applications and ensuring projects are designed according to City requirements, industry best practices, and long-term strategic plans.
- Representing the City and liaising with internal stakeholders, engineering consultants, developers, external agencies, and members of the public.
- Defining terms of references and conduct technical reviews.
- Developing conceptual servicing designs, high-level cost estimates, and innovative solutions for both development applications and departmental standards & guidelines.
- Generating solutions based on engineering practice and industry standards, while enhancing current practices and procedures.
- Providing direction on detailed civil designs and infrastructure servicing requirements.
- Attending public information and engagement meetings.
- Preparing reports, presentations, and responses to queries from Council, committees, and the public.
- Providing strategic input on corporate initiatives and policies.

INTEGRITY • SERVICE • TEAMWORK • INNOVATION • COMMUNITY
