

CO-OP STUDENT – WATER SUPPLY & TREATMENT POWERS CREEK/ROSE VALLEY WATER TREATMENT PLANTS

The City of West Kelowna has openings for students in the Water Engineering Technology field to gain valuable hands-on experience by completing a work term in our Public Works Department - Water Supply and Treatment Division at the Powers Creek and Rose Valley Water Treatment Plants.

Infrastructure maintenance and operation are key components of Public Works and plays a large part in asset management.

The focus of this position will be to support Water Supply and Treatment Plant staff by performing a variety of tasks such as:

- Process monitoring and testing (in-house lab) water samples for proper chemical additions
- Record keeping and logs in the daily reports
- Assists with repairs to plant equipment as needed
- General maintenance and other duties as required
- Occasional work in the watersheds will also be required

REQUIREMENTS:

- Current enrollment in a registered Water Engineering Technology program at a post-secondary institution
- Must be attending college or university during the last school term and returning to studies in the subsequent academic year
- Demonstrated computer skills in Microsoft Office
- Familiarity with DCS/SCADA systems
- Excellent communication/interpersonal skills – verbal and written
- High attention to detail
- Physically fit in order to accomplish maintenance tasks
- A Valid Class 5 BC Driver's License; Drivers Abstract required when applying

The students will work from May until end of August working 40 hours/week Monday to Friday. The hourly rate is \$24.43 plus 14% in lieu pay.

Applications are accepted online at westkelownacity.ca/jobs. We thank all applicants for their interest; however, only those selected for further consideration will be contacted.

Competition No. 25-04E | Opens December 20, 2024 | Closes January 27, 2025
