

## **The opportunity**

Leduc County is looking for an experienced and highly motivated Engineering Student – Seasonal to join our team. Reporting to the Manager – Engineering, this exciting opportunity provides technical support to the County’s road programs, transportation, water distribution, wastewater collection system and stormwater management operations.

## **About you**

You are a team and relationship builder who promotes a safe, collaborative and professional work environment. You are committed to continuous improvement, customer service, innovation and supporting Leduc County’s vision of growing a vibrant and spirited community.

If you excel working under pressure, and if forward-thinking, problem-solving, strategic planning and quick adaptability to change is second nature to you, keep reading because we want to hear from you!

## **What you will do**

- Assists with preparing technical analysis for the roads (gravel and surfaced), bridges, and water and wastewater systems projects.
- Prepares technical reports for the Engineering department.
- Provides site inspections, quantity calculations, and quality control for municipal construction and land development projects.
- Performs traffic counts for the annual traffic monitoring program.
- Conducts field surveys and on-site assessments.
- Adheres to guidelines as set out in Leduc County’s policies and administrative directives.
- Accountable for working in compliance with the Alberta Occupational Health and Safety Act, Regulation and Code and participation in the Health, Safety and Wellness Program.
- Performs related duties as required and assigned.

## **What you need to succeed**

### ***Must-have***

- Enrolment in a civil engineering program and completion of at least one year of coursework.
- A service focus with good communication and interpersonal skills.
- A valid Class 5 Alberta driver’s license.

### ***Nice to have***

- Experience in road construction (gravel and surfaced), bridges, culverts, and water and wastewater systems, as well as familiarity with municipal operations and knowledge of rural communities.
- Experience and/or education in the operation and maintenance of water, wastewater, and solid waste infrastructure, and proficiency with Supervisory Control and Data Acquisition (SCADA) and Geographic Information System (GIS).

### **What's in it for you**

Our leadership team values your voice, input and is committed to your growth and success. We are committed to be our best and hire the best!

We offer a competitive annual salary of between \$22.32 and \$27.89.

The opportunity is seasonal full-time and is 35 hours per week scheduled Monday to Friday, with some extended hours to meet operational requirements. The office is located at 101-1101 5 St. Nisku, AB.

### **How to apply**

Applications must be submitted on our website [leduc-county.com](http://leduc-county.com) to be considered.

We thank all applicants however only those selected for an interview will be contacted.
