

... a great place to live, work & play

One of the sunniest regions in BC's Lower Mainland, Delta embraces three unique communities - Ladner, North Delta and Tsawwassen. The City of Delta is looking for dedicated individuals to join our team and share in our commitment to lead the way in public service excellence.

Engineering Technician 2

Delta is a vibrant municipality that is rich in soil and water, rich in history and industry, and especially rich in people. Situated in the "delta" of the Fraser River, Delta is home to a population of more than 110,000 residents. With the support of a strong farming and agricultural foundation, we pride ourselves on our past and our sustainable future.

The City of Delta's Engineering Department is seeking an Engineering Technician 2 for the Utilities Division. The Engineering Technician 2 position involves technical engineering work in municipal infrastructure analysis, design reviews, inspections, field investigations, planning, reports, and managing small-scale projects for flood protection, drainage/stormwater, steep slopes, and sewer utilities.

Nature and Scope of Work

Under the general direction of the Manager of Stormwater and Natural Hazards, the incumbent will perform the following skilled technical engineering work at a sub-professional level involving mostly drainage engineering municipal services to conform to sound engineering and economic principles. A significant part of this position requires field investigations and construction inspections.

The work the Engineering Technician will be responsible for includes: preparing small designs and developing cost estimates for drainage, sewer, and related projects; checking and approving lot grading plans; reviewing design drawings and specifications to prepare permits for external construction contractors and internal Engineering Operations crews; responding to resident inquiries regarding drainage/stormwater issues, including site visits as needed; conduct field investigations for drainage/stormwater, sewer, and flood protection issues; inspect drainage/stormwater, sewer, flood protection, and steep slopes works, and other municipal works to ensure adherence to contract specifications; reviewing video inspection tapes, reports, and other information as it relates to sewer and drainage/stormwater mains; directing and reviewing the work of staff engaged in drafting and survey work; steep slopes response and coordination with external geotechnical firms, preparing requests for proposals, reports, memos, and letters; ensuring assigned projects and tasks are completed on schedule and within budget.

The incumbent serves as a key liaison, providing project information, support, and guidance to a diverse range of internal and external contacts. While project priorities are set by a supervisor, the incumbent demonstrates a high level of independence in managing the technical aspects of the work. This includes addressing complex technical challenges, as well as discussing policy and budget-related issues with the supervisor. Work performance is evaluated by the supervisor based on technical accuracy, adherence to established practices, and the achievement of desired outcomes.

Desirable Training and Experience

Graduation from an Institute of Technology Diploma program in an appropriate discipline plus sound related experience in municipal engineering operations; registration as an EIT or an A.Sc.T.; or an equivalent combination of training and experience.

A Valid Class 5 Driver's Licence for the Province of British Columbia is required.

The City of Delta values work-life balance and offers a nine-day fortnight system, where employee extend their hours of work in lieu of a day off every pay period. If you thrive in a dynamic environment, enjoy working with a fantastic team, and value a good balance between office and fieldwork, this opportunity is perfect for you!

We offer a competitive salary of \$43.78 - \$51.70 per hour and a comprehensive benefits package, including extended health, dental, life insurance, long-term disability, and a Defined Benefit Pension Plan with a Special Agreement option (Municipal Pension Plan). Interested applicants are requested to submit their resumes and cover letters online at www.delta.ca/employment, to competition #25-61 EX by March 5, 2025.

At the City of Delta, we are committed to recruiting and retaining a diverse workforce that is representative of our community, providing equal opportunity and fostering an inclusive workplace where our individual differences are recognized, valued and celebrated.

We thank all applicants for their interest; only those under consideration will be contacted. Copies of relevant professional certificates, degrees, or tickets must be submitted with your application. Preferred candidates will be required to submit a Police Information Check.
