

Manager of Human Resources

The Municipality of Greenstone is seeking a progressive leader to serve as a **Manager of Human Resources**.

Greenstone was created by the amalgamation of the former municipalities of Geraldton, Longlac, Nakina and Beardmore. It also includes settlement areas such as Caramat, Jellicoe, Macdiarmid and several First Nations communities. Greenstone is in the District of Thunder Bay and has a population of about 4,600. It has an area of 3,172 sq. km. (1224 sq. mi.) making it one of the largest municipalities in Canada.

A notable development in the community is the 60/40 partnership, by Equinox Gold and Orion Mine Finance Group, that has revitalized former assets of Premier Gold. With a US\$1.23-billion investment the Greenstone gold mine near Geraldton wraps up after a challenging but ultimately smooth three-year build. The Equinox/Orion partnership is on track to hire more than 400 positions and is scheduled to commence gold production the first half of this year. The mine is expected to produce than five million ounces of gold over its 15-year life-span and will create significant economic benefits for the region through direct and indirect opportunities within the community to support the mining operations.

Our new strategic plan has set the tone for the future. Our vision is to be an inviting and inclusive community of communities by fostering quality of life for all in an economically sustainable way. Our mission is to collaborate and connect with rights holders, communities, and other partners, to balance Greenstone's needs and expectations by adapting policies and programs to economic realities. Our values are focused on key themes of Pride, Inclusivity and Collaboration, Fiscal Responsibility, Environmental Stewardship, Respect and Communication.

In Greenstone, a new adventure awaits around every corner. It's about as far from city life as you can get with world-class fishing and hunting, vast wilderness to explore, white sand beaches for swimming, all served with friendly, warm northern hospitality.

Your Opportunity to make a Difference

We are currently seeking a **Manager of Human Resources** who is a highly motivated, energetic individual with exceptional people leadership skills to join our senior management team.

In this key role you will provide inspirational and collaborative leadership as well as specialized and strategic advice and consultation to our senior-leadership team, and staff with respect to human resources, employee relations and labour relations.

In addition, you will be accountable for leading all human resources programs across our organization and will ensure effective application of human resource best practices and solutions in support of our strategic goals while ensuring our commitment to authentic equity, diversity, and inclusion.

This will include functions such as HR strategy and policy development as well as supporting programs such as talent and performance management, employee and labour relations, recruitment, HR information systems, compensation and benefits, pay equity, employee wellness, health and safety, disability management, equity, diversity and inclusion.
