Development Services / Planning & Development

Grow Your Career in This Role with Room for Advancement!

About our community:

Boasting a high quality of life and standard of living, Prince George has all the amenities of a large city mixed with the friendliness and appeal of a smaller community. It is a regional centre for close to 326,000 people for shopping, education, health care, the arts, and sports. Prince George's central location in the province offers work/life balance with unparalleled access to four-season outdoor recreation activities that are complemented by a full range of urban amenities and a comprehensive transportation infrastructure that connects residents, businesses, resources, and agricultural products to markets around the world. And it is only a short drive to almost anywhere in Prince George – spend less time commuting and more time doing what matters most to you! Discover all these opportunities and more!

About our organization:

The City of Prince George is committed to ensuring a positive, well-balanced work environment for its employees. With opportunities for employee training, wellness programs and professional development the City of Prince George offers a safe and supportive workplace in which to serve our community.

About the opportunity:

In this technical position, you will oversee subdivision applications, development agreements, and engineering reviews for municipal infrastructure projects. Your responsibilities will include intake, coordination, inspection, and closeout of development-related infrastructure work. The role may concentrate on building permits, subdivision applications, or both, ensuring that all projects comply with city standards and regulatory requirements. Additionally, you will provide exceptional customer service to the development community and the public.

About your background:

We are seeking a highly motivated professional with a diploma in Civil Engineering Technology and eligibility for certification as an ASCT of BC. Ideally, you hold a designation as an Applied Science Technologist (ASCT) (or out of province equivalent). Additionally, you have at least two years of previous experience in a civil engineering environment along with a customer focused approach. **A valid full privilege Class 5 BC driver's license (or out of province equivalent) is required.**

Why you will love working for our Development Services team at the City of Prince George:

- Work with a team of professionals dedicated to providing exceptional customer service.
- Enjoy a competitive wage of \$39.73 – \$47.41 per hour (wage under review) plus an excellent benefits and pension package.

If you are interested in joining our team, please apply by March 12, 2025 to:
