

ENVIRONMENTAL PLANNING ENGINEER 2

Utilities Department

Red Deer is Alberta's third largest city, a growing city built on entrepreneurialism, innovation and community spirit that drives who we are and what we do. We, as a city, are served by an innovative government, inspired by the people and businesses that live here, and filled with vibrant places and spaces for people to connect and community to thrive. Located halfway between Calgary and Edmonton, Red Deer an active city rooted in an expansive park and is young and vibrant with a median age of under 35 years. With a diverse and resilient educated workforce, strong average family income, and ideal geographic location, Red Deer is a highly desirable place to live and do business and continues to grow.

The Opportunity:

The City of Red Deer is currently recruiting for an **Environmental Planning Engineer 2** to fill a permanent full-time position within the Environmental Planning section. The Environmental Planning Engineer 2 is responsible for the preparation, administration and completion of maintenance plans/capital projects and their associated budgets within various sections of the Environmental Services (Water, Wastewater, Waste Management, and Construction & Maintenance). The Engineer will also be responsible for providing input into approvals/master plans for the various sections.

The primary focus of this role will be within the Waste Management area.

As our preferred candidate you will have:

- B.Sc. Civil or Environmental Engineering, Professional Engineer registered with Association of Professional Engineers and Geoscientists of Alberta
- Four years' experience in the management (design/construction/project management) of infrastructure maintenance projects related to:
 - Waste Management facilities (preferred),
 - Water treatment plant,
 - Wastewater treatment plant,
 - Potable water distribution systems, and
 - Non-potable water collection systems.
- Experience in Landfill Operations (preferred)
- Experience in treatment plant operations and maintenance is an asset
- Previous experience in master planning and approval document preparation
- Broad knowledge of project management, construction methods and practices
- Extensive Waste Management (preferred), water treatment and wastewater treatment process knowledge
- Self-motivated / self-disciplined
- Effective team leader and team member

What we offer:

In addition to the competitive hourly rate of \$49.68 to \$62.10 (\$97,255 to \$121,569 per annum) and an excellent benefit package; we offer a great work environment with a dynamic and dedicated team of professionals.

If you like what you have read and think this is the job for you; come build your career with The City of Red Deer. We are committed to a healthy, vibrant, and sustainable community. Our employees are the cornerstone of our organization and working with us will provide you with the opportunity to work in an ever-growing environment and to work with an awesome group of people.

We welcome applications until April 21, 2025
