

Position Title:	Utility Operator	Competition No:	2025-30
Department:	Operations	Close Date:	April 21, 2025, at 4:00 p.m.

Position Details:

Probation Rate: \$35.22

Regular Rate: \$37.07

Hours of Work: 40 hours/week

Employment Type: Permanent

About Us:

Located 20 minutes from Winnipeg, Selkirk is a vibrant small city with a hometown feel. Our close-knit community loves to celebrate, learn and explore in the company of good neighbours. All through the year, there are many opportunities to enjoy local talent, learn about our past and seek out new interests.

The Opportunity:

The City of Selkirk is currently in search of a **Utility Operator** to join our team. Under the direction of the Manager of Utilities, the Utility Operator is responsible for performing duties related to the operation, monitoring, repair and maintenance of all water and wastewater treatment facilities for the Corporation.

In order to meet compliance with Provincial Legislation, the Utility Operator is required to assume the role of Operator in Charge on a rotational basis with fellow Utility Operator staff or as directed by the Manager of Utilities.

Job Duties:

1. Utilities Operation and Maintenance
 - Operate main equipment at the Water Treatment Plant (WTP), Raw and Treated Water Pumping Systems.
 - Operate main equipment at the Sewage Treatment Plant (STP), U.V. Disinfection System, Decant Lagoon and Pumping Stations.
 - Operate main equipment at sewage Lift Stations that are utilized for collection of wastewater in the City.
 - Responsible for the operation of Retention Ponds including pumping stations.
2. Treatment Process
 - Perform required tests, checks and sampling for monitoring of treatment processes. Such tests include, but are not limited to:
 - Daily Free and Total Chlorine Tests
 - Daily Turbidity Tests
 - Daily pH tests
 - Daily Maintenance Management Reports and Notes

- Daily Calcium Carbonate and Calcium Bicarbonate Tests
- Bi-weekly Bacteriological Sampling

3. Administrative

- Maintain and update daily records of operation of treatment facilities, as required. Such records include, but are not limited to:
 - Daily Testing Logs
 - Daily Equipment Logs
 - Daily RW Intake and TW Production
 - Daily Maintenance Management Reports and Notes
 - Bi-weekly microbiological sampling and testing
 - Weekly Time and Equipment Sheets

4. Building and Equipment Operation and Maintenance

- Operate small equipment and a variety of hand tools as related to treatment facilities.
- Responsible for the maintenance of general building and grounds at all water and wastewater facilities.
- Assist outside contractors when performing repairs at treatment facilities.
- Perform routine checks, minor servicing, cleaning and basic maintenance of the equipment they are operating.
- Inform the Manager and/or Mechanic of any required maintenance or safety problems with equipment they are operating, and to complete or assist in completion of repair/installation of City owned equipment/property.
- Assist in shutdowns and cleaning of lime clarifiers.

5. On Call Rotation

- Respond to alarm from the SCADA monitoring station at the WTP within 30 minutes when on call.
- Work on call rotating shift emergency from 5:00 p.m. – 8:00a.m. weekdays and 24 hours on weekends.
- Assist on call personnel in emergency situations, if required.

6. Provide support and training to other employees within the department as required; to provide training and assistance to other municipal staff as required.

7. Perform other related duties as may be assigned.

Qualifications and Minimum Requirements:

Minimum qualifications shall include:

- High School Diploma or equivalent
- Possess Certification in Level III Water Treatment Plant Operator License - Province of Manitoba (time requirement and pass exam)
- Possess Certification in Level II Water Distribution Facility Operator - Province of Manitoba (time requirement and pass exam)
- Possess Certification in Level II Wastewater Treatment Plant Operator License - Province of Manitoba (time requirement and pass exam)

- Possess Certification in Level II Wastewater Collection Facility Operator – Province of Manitoba (time requirement and pass exam)
- Must be capable of assuming the position of Operator in Charge as required under Provincial Legislation Mandatory Certification Process on an on-going rotational basis with fellow Utility Operators or as directed by the Manager of Water/Wastewater Treatment Facilities
- A minimum of four (4) years experience within a similar Water/Wastewater Treatment Facility operation in a municipal corporation, or comparable education and training
- Valid Class 5 or G Driver's License
- Computer proficient and able to operate a desktop PC with a Windows environment. Experience and proficiency with the following software is required: Word and Excel
- Experience in the use of SCADA and PLC programs and equipment that the operator will have to utilize in the day-to-day running of the various facilities within the City of Selkirk
- Ability to maintain records in written and computer based format, as well as good attention to detail
- Experience in techniques of plumbing, mechanical, minor electrical and other generally accepted maintenance techniques
- Experience in the operation of designated equipment and power tools.
- Valid First Aid and CPR Certification
- Must be able to work in confined spaces and possess certification in Confined Space Entry Training
- Must be able to work at heights which may include ladders, scaffolding and to be able to climb the water tower when required
- Must be able to communicate clearly and concisely, both orally and in writing. This includes the ability to understand written and verbal instructions
- Ability to establish and maintain positive working relationships with employees at all levels of the organization, external contact and the public in accordance with the Respectful Workplace Policy.
- Knowledge and understanding of the occupational hazards, safety precautions, regulations and procedures that are applicable to the area of work
- Demonstrated competence in safe work practices
- Must be physical able to perform all the laboring aspects or other duties associated with the position
