## About the City of Sarnia

Located at the mouth of the St. Clair River on the shores of Lake Huron, the community of Sarnia is known for its breathtaking waterfront, pristine beaches and beautiful parks system. Situated on the American border, just a short drive from London, Ontario, the community boasts a host of recreational opportunities, state-of-the-art healthcare, a vibrant cultural scene, and excellent education paired with a high standard of living and mild climate.

Ranked one of the most affordable medium-sized city in Ontario, Sarnia, with its 72,000 residents, is home to over 1,000 acres of parkland and 40 km of trails in addition to 4 golf courses, 16 art galleries, 6 museums, and 3 theatres across the County.

## The Role

Reporting to the Maintenance Superintendent, Environmental Services, the Maintenance Technician is responsible for the maintenance, housekeeping, inspection, problem diagnosis, and troubleshooting for equipment, machinery, and tools at all Environmental Services facilities (including but not limited to wastewater and storm water pumping/lift stations, Water Pollution Control Centre, Biosolids Plant, Devine Street Combined Sewer Overflow (CSO) Facility, Compost Site and Bright's Grove Lagoon Facilities) ensuring compliance with provincial and federal regulations and legislations.

You will also respond to spills as a member of the Environmental Services Spills Response team in accordance with regulations and established routines.

The home location of this position may vary.

## Qualifications

- Certificate of Qualification from Skilled Trades Ontario (Millwright, Electrician, Auto Mechanic, Plumber, etc.)
- Minimum one (1) year of related work experience
- Ontario Water Wastewater Certification Office (OWWCO) Operator-in-Training (OIT) certification for Wastewater Collection and Treatment, or ability to obtain within trial period
- Valid Class G driver's license with an abstract acceptable to City guidelines

## The Candidate

**The successful candidate should possess the following experience, knowledge and competencies:**

- Servicing, installing, repairing, and maintaining equipment, machinery, and tools
- Reading and interpreting maintenance/operation manuals, electrical/mechanical drawings, schematics, and diagrams
- Working knowledge in the operation of heavy equipment and rigging methods
- Knowledge of computerized maintenance management principles as related to supplies, equipment, and/or services ordering and inventory control
- Competent within the meaning of the Occupational Health and Safety Act
- Ability to work in a variety of weather conditions with exposure to outdoor elements
- Ability to work in small, cramped areas and confined spaces to repair equipment

## Why Work With Us

The City offers competitive salaries alongside extended health, dental and travel benefits, life insurance coverage, access to our Employee & Family Assistance Plan (EFAP), and enrollment in the OMERS (Ontario Municipal Employees Retirement System) pension plan.

We're an organization focused on the health and well-being of our employees, including a priority on work-life balance delivered through a unique earned-day-off package in addition to vacation time offerings.
