

Make working for  
The City work for you.

## Plant Maintenance Worker

If you are committed to public service, enjoy collaborating with others, share our values and have a desire to learn and grow, join [The City of Calgary](#). City employees deliver the services, run the programs and operate the facilities which make a difference in our community. We support work-life balance, promote physical and psychological safety, and offer competitive wages, pensions, and [benefits](#). Together we make Calgary a great place to make a living, a great place to make a life.

The City is committed to fostering a respectful, inclusive and equitable workplace which is representative of the community we serve. We welcome those who have demonstrated a commitment to upholding the values of equity, diversity, inclusion, anti-racism and reconciliation. Applications are encouraged from members of groups that are historically disadvantaged and underrepresented. Accommodations are available during the hiring process, upon request.

Under the direction of the Maintenance Supervisor or Foreman, the Plant Maintenance Worker is responsible for performing preventative maintenance and repairs on plant equipment to ensure safe and efficient operations. Primary duties include:

- Assist Millwrights and Plumbers in repairing and replacing components using tools (e.g., wrenches, screwdrivers, grease guns) and equipment (e.g., chain hoists, forklifts, cranes).
- Conduct Preventative Maintenance (PM) inspections, considering seasonal conditions, lifecycle forecasting, and manufacturer-recommended maintenance procedures.
- Perform routine maintenance tasks, including checking and replacing belts, changing oil, and replacing air and glycol filters.
- Prepare work areas for confined space entry, including acquiring permits, testing air quality, and setting up tripods.
- Complete required documentation, including work performed, equipment faults, work orders, and parts orders.
- Oversee contractor work, ensuring they have necessary resources and are following safety procedures.

### Qualifications

- A High School diploma or equivalency (e.g. GED) and at least 1 year of experience working in an industrial, manufacturing or mechanical environment.
- A valid Class 5 Driver's Licence (or provincial equivalent), with no more than 6 demerits and no current suspensions or charges pending.
- Must be able to qualify for Confined Space Entry Certification.
- The ability to use power tools is essential in this position.
- Ability to obtain a City of Calgary [operator's permit](#).
- You demonstrate excellent problem solving and building maintenance skills.

**Working Conditions:** Work involves exposure to all weather conditions, confined space entries, dust, noise, chemicals, hazardous and explosive gases, odors, wastewater, wet conditions and possible electric shock. Individuals may be required to enter and perform work in safety sensitive areas and confined spaces. Potential for half or full-face mask will be required and training provided.

### Pre-employment Requirements

- A security clearance will be conducted.
- Successful applicants must provide proof of qualifications.
