## Solid Waste Coordinator

Posted 01-Aug-2025 (PST) | Energy & Environment | \$ 40.27-44.77 per hour | Full-time Temporary | CUPE  
| Attractive benefits package

[Email Me This Job](#)

Penticton is a vibrant, innovative, healthy waterfront city focused on sustainability, community, and economic opportunity. At the City of Penticton, our goal is to serve our residents, businesses, and visitors through good governance, partnership, and the delivery of effective and community-focused services.

The City of Penticton's **Environmental Health Services Branch** of the Energy & Environment Department is in search of a highly skilled and energetic individual for a full-time temporary term position (expiring December 31, 2029) of **Solid Waste Coordinator**. Environmental Health Services is responsible for solid waste and recycling education and outreach, automated cart program administration, and the strategic implementation of the Community Climate Action Plan and Corporate Energy and Emissions Plan.

Under the general direction of the Sustainability Supervisor, the **Solid Waste Coordinator** will perform an audit of the City's recycling program, educate residents on waste reduction best practices, provide customer service and administration of the automated cart program, and implementation of the Multifamily Contamination Remediation Plan. Auditing of waste materials and travel throughout the community is largely conducted on electric bicycles (weather permitting).

The **Solid Waste Coordinator** will primarily work Monday to Friday, with some evenings and weekends as required to conduct recycling and waste reduction education at community events.

### Key Responsibilities:

- Lower the contamination rate of curbside and multifamily recyclable materials by:
  - Implementing the Multifamily Contamination Remediation Plan.
  - Auditing curbside and multifamily recyclable materials.
  - Utilizing reports from smart onboard truck technology to identify and lower contamination from specific neighbourhoods and households.
- Coordinate the solid waste component of the Environmental Outreach Ambassador work plan.
- In collaboration with the Communications team, create and implement public information campaigns and activities.
- Successfully engage and educate residents, community groups, and schools on best recycling practices and waste reduction strategies.
- Organize, plan, and participate in community events.
- Develop and promote the annual solid waste collection calendar.
- Prepare, update, and maintain records, spreadsheets, and other documents, and perform data analysis.
- Prepare annual reports, briefs, plans, and background documentation.
- Respond to telephone, personal, and written requests from the public or other sources for information on waste management, waste reduction, and other related issues, policies, and programs.
- Provide customer service and general administration of the automated cart program.
- Maintaining the automated cart program database.
- Reviewing development applications as part of the Technical Planning Committee.

### Required Knowledge, Abilities & Skills:

- Experience working in a municipal setting.
- Knowledge of local best practices related to waste diversion and recycling.
- Excellent interpersonal skills, including the ability to engage the public and speak in front of a range of audiences.
- Experience in environmental education, events, and awareness building.
- Creativity in developing educational resources and programs aimed at a wide range of audiences and delivered in multiple formats including print, web, community events, school programs, and workshops.
- Strong organizational and communication skills (written and verbal).
- Excellent conflict resolution skills and the ability to build strong relationships with internal and external groups including residents.
- Social media content creation and promotion.
- Experience with Microsoft Office, in particular data collection, entry and analysis into Microsoft Excel.
- Strong computer skills and proficiency with software also including Tempest, and/or ReCollect.
- Must be able to work outdoors in all weather conditions and may require long periods of walking and electric bike riding.
- Must be comfortable working occasional evenings and weekends at community events
- Knowledge of safe work practices related to waste audits and working outdoors in hot conditions.

### Education, Training & Experience:

- Bachelor's degree in an environmental discipline and have a minimum of three years of related experience, or an equivalent combination of education, training and experience.
- Valid Class 5 Driver's License

At the City of Penticton, we recognize that great talent and great ideas come from a variety of backgrounds. Tapping into the diversity of our community makes us all stronger and allows us to serve Penticton even better.

That's why we welcome all applicants to consider joining our team. We encourage Indigenous persons, people of colour, all genders and expressions, 2SLGBT2QIA+, persons living with disabilities, and others who reflect our ever-changing workplace to apply.

So, if your experience is close to what we're looking for, we would love a chance to talk about working with you. This posting will remain open until the role is filled.

If you require any accommodations during the recruitment process, please contact us at HR@penticton.ca, we'd be happy to hear from you!

**Position type:** Full-time Temporary (40 hours per week, the term for this position will end on December 31, 2029)

**Wage:** \$40.27 - \$44.77 per hour (Pay Grade 15, CUPE)

**Benefits:** Attractive benefits package.

**Competition #:** 25-103
