

Town of Caledon

make a difference

Job Title: Transportation Engineer

Closing Date: September 5, 2025 12:00 PM

Town of Caledon is a dynamic municipality that successfully balances urban, rural, and agricultural communities. Our energetic staff are guided by our core values that create an environment for continuous improvement and customer service excellence.

In addition to offering exciting career opportunities, the Town also provides a competitive and comprehensive total rewards package. Come see how you can ***make a difference***.

The Opportunity

Reporting directly to the Manager, Transportation Engineering, this role is responsible for reviewing and analyzing transportation and traffic engineering components of development applications such as Transportation Impact Studies, Parking Studies, and other technical reports. You will coordinate the traffic engineering components of Secondary Plans, Environmental Assessments, and manage transportation feasibility studies and operational analyses. You will be responsible for ensuring all third-party transportation plans and studies align with Town policies, design standards, and growth objectives.

As the Transportation Engineer, you will perform the following duties, including but not limited to:

- Review development applications for transportation and traffic compliance with Town and provincial standards
- Lead and coordinate transportation planning components of Secondary Plans and major growth initiatives
- Prepare, review, and analyze Transportation Impact Studies, parking studies, and traffic operations analyses
- Manage and oversee Town-initiated transportation studies, including feasibility studies and public consultation
- Provide input into long-term transportation strategies and recommend updates to Town transportation policies and traffic by-laws

The Ideal Candidate

We are seeking a highly skilled and collaborative professional with a post-secondary degree in Civil Engineering or Applied Science or a closely related field. Our ideal candidate has 5 to 7 years of progressive transportation engineering and planning experience and is a licensed Professional Engineer (P.Eng.) in good standing with PEO.

The ideal candidate will have demonstrated expertise in traffic analysis, transportation planning, and development review. We are seeking an individual with superior project management skills, a demonstrated ability to lead multidisciplinary teams, and excellent oral and written communication skills.

The successful candidate for Transportation Engineer will be required to work a flexible schedule, including in the office, remotely, and after hours as required.

The successful candidate for Transportation Engineer will be required to work a flexible schedule, including in the office, remotely and after hours (as required).

This position offers a salary range of \$103,595.84 to \$129,494.80 plus a competitive benefit package.

Satisfactory passing of a criminal record check, and proof of qualifications will be required of any successful candidate(s) for this position.

The Town is committed to diversity and inclusivity in employment and welcomes applications from qualified individuals of diverse backgrounds. The Town is an equal opportunity employer that is committed to an inclusive and barrier-free workplace. If your application requires accommodation, please contact People Services at (905) 584-2272 Ext. 4738.

Applications for this posting will be accepted until September 5, 2025 12:00PM EST.
