Position Overview

Are you a problem-solver who thrives in high-tech environments? Do you love optimizing systems that keep people comfortable, safe, and secure? We're looking for a Building Automation and Access Control Technician who's ready to take on a key role in maintaining the smart infrastructure behind the City's facilities. This role blends maintenance, advanced tech, public safety, and real-time problem-solving. If you're driven by innovation and value a role where your work truly matters, apply today!

The successful candidates must have the following qualifications:

1. Completion of Red Seal Program in Electrical or HVAC.
2. Two (2) years' previous experience with access control systems, security systems and camera systems maintenance and repair, within the last five (5) years.
3. Two (2) years' previous experience in complex building automation systems management and planning, within the last five (5) years.
4. Proficient in basic Word and basic Excel as demonstrated through testing. (70% pass rate required)
5. Valid Class 5 BC Driver's Licence.
6. Ability to obtain and maintain RCMP Reliability Security Clearance. If you are unable to obtain or maintain an RCMP Reliability Security Clearance, your employment with the City will be terminated. (To be considered for an RCMP Reliability Security Clearance, applicants must be a Canadian citizen or have Permanent Resident Status in Canada. Note: individuals with Permanent Resident Status must have resided (physically present) in Canada for the last five (5) consecutive years).

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check. A comprehensive benefits package is included with this position. This is a CUPE local 900 position.

This position will remain open until filled. This posting may close anytime after September 3, 2025 if a qualified candidate is found.
