Job Details

Love finding smart solutions that keep traffic moving safely?

As a Traffic Technologist I, you will play a key role in keeping Peterborough's roads and traffic systems safe, efficient, and well-maintained. Working closely with contractors, City staff, and the public, you will support the coordination of traffic control signals, streetlights, signs, and pavement markings, while also assisting with traffic data collection, permitting, and technical reporting. This role combines both field and office responsibilities, ranging from troubleshooting signal systems and supporting construction projects, to analyzing traffic data and responding to resident inquiries. It is well-suited to a detail-oriented and collaborative individual with strong technical expertise and a passion for improving transportation systems.

Qualifications

- Three-year college diploma in Transportation Engineering Technology or related field.
- Up to 4 years of related experience in traffic operations or engineering technology.
- Membership in OACETT and IMSA (or eligibility and commitment to obtain certifications).
- Proficiency with Microsoft Office and working knowledge of CAD and traffic software.
- Strong technical, analytical, organizational, and problem-solving skills.
- Effective communication and interpersonal skills, with a focus on customer service.
- Ability to work independently and collaboratively in both office and field settings.
- Valid Class "G" driver's license and access to a personal vehicle.

Salary

\$75,657.40
