

Position Title: Financial Analyst

Position Status: Full-Time Regular

Department: Financial Services

Employee Group: Teamsters Local 31

Location: 4515 Central Boulevard, Burnaby

Salary Range/ Wage Rate: PG T27 \$3,486.53 - \$4,119.45 bi-weekly

Our Financial Services Department is seeking a Financial Analyst who will provide expert financial analysis, reporting, and budget support to client departments while ensuring compliance with policies and strengthening financial control systems. The ideal candidate will demonstrate strong partnership and trust-building skills by collaborating across departments to improve processes, support strategic planning, and deliver accurate, timely financial insights.

You are: You are a detail-oriented and analytical professional with strong experience in financial control and budgeting, who excels at interpreting complex financial data, improving systems and processes, and collaborating effectively across departments to support strategic decision-making.

This role:

- Liaises with, advises and assists client departments on financial control procedures and policies, business issues and processes; ensures compliance with corporate and financial policies, procedures and legislation; as required, assists in or conducts special studies, prepares ad hoc reports, and designs and presents workshops on financial matters.
- Analyzes, summarizes and prepares a variety of financial information such as operating and capital budgets, long-range plans, financial reports, statements, returns, and year-end working papers; determines clients' debt requirements for capital budgets; coordinates deadlines for budget submissions; monitors and analyzes accounts for accuracy and reliability and reports variances in revenue and capital budgets; detects, analyzes and reports on problems of a financial reporting nature and expedites remedial action; initiates follow-up procedures as required.
- Recommends and develops new systems, procedures, accounting structures and reporting schedules to improve reporting and control processes, safeguard assets, and meet clients' needs; evaluates and reports to a superior on the impact of policy or procedure changes; identifies internal control problems and recommends solutions in conjunction with internal audit group.
- Performs related work as required.

To be successful, you have:

- Professional degree in accounting (C.A., C.G.A. or R.I.A.) and considerable experience in budget analysis and financial control work or fund accounting, or an equivalent combination of training and experience.
- Registration in a professional accounting society (C.A., C.G.A., R.I.A.).
- Thorough knowledge of the rules, regulations, procedures and by-laws applicable to client departments and corporate entities.
- Thorough knowledge of public sector budget principles and practices, including program budgeting concepts and applications.
- Thorough knowledge of accounting principles and practices, including modern reporting and cost control procedures.
- Sound knowledge of the organization and functions of the various MVRD departments.
- Some knowledge of computerized data processing systems.
- Ability to analyze and interpret various financial, budget, accounting and cost control information and data and to develop logical solutions to problems related to financial and business processes, budget variance and financial reporting.
- Ability to prepare a variety of financial reports related to the work performed.
- Ability to assist in developing, organizing, maintaining and improving a comprehensive budget and cost control program.
- Ability to deal tactfully with all levels of staff and to establish and maintain effective working relationships with others.
- Ability to work with minimal supervision on specific projects.
