Environmental Technician I – 1 Year Term

We are looking for an Environmental Technician I for a 1-year term, to perform environmental protection duties at the Glenmore Landfill. You will be responsible for the inspection, operation and monitoring of landfill and composting equipment, and the collection and interpretation of data for regulatory compliance. The position primarily focuses on organics management, compost production and assists with the landfill gas system. Work collaboratively to reduce the production of environmental emissions, troubleshoots equipment, and assists in the installation of materials to improve operations from an environmental perspective.

The successful candidate will have completed a Diploma in Environmental Sciences or related field. You will have excellent communication, interpersonal and problem-solving skills.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly. Live, work and play in one of Canada's fastest growing cities. Kelowna boasts miles of lake access, public areas and outdoor recreation opportunities, a vibrant downtown and cultural scene, healthy and connected neighbourhoods, and a world-renowned College and University. You're only a quick link to the world via the Kelowna International Airport.

This is a CUPE bargaining unit position working 40 hours per week, with a rate starting at \$38.80 per hour plus 14% in lieu of vacation, statutory holidays and benefits.

The City of Kelowna is committed to being an organization that values and reflects its community's diverse population, and to fostering an equitable, inclusive and progressive work environment where everyone can be their authentic self and feels a sense of belonging.
