

Careers

Electrical Engineer (Facilities Department)

Power our city's facilities!

Are you ready to make an impact across nearly 150 diverse facilities – from arenas and pools to firehalls and cultural centers? As our Electrical Engineer in Facilities, you'll be the driving force behind safe and reliable electrical systems, leading both short- and long-term projects and daily engineering operations. Step into the owner's representative role for a vast asset base, and help shape the future of our community's infrastructure.

Beyond technical expertise, you'll support our skilled electrical technicians, oversee maintenance duties, and provide relief management coverage when needed. Be a key player in a collaborative Facilities management group where your leadership and innovation will help power our city's growth and success.

Qualifications

The ideal candidate is a Registered Professional Engineer with EGBC and at least five years of relevant electrical experience, or equivalent education. Strong skills in designing HV, MV, and LV distribution systems – including utility interconnections – are required, along with expertise in the Canadian Electrical Code (BC), building codes, CSA, IEEE, ASHRAE, and related standards. Experience with power studies (short circuit, arc flash, coordination) and additional certifications from the Project Management Institute or similar organizations are preferred. Extensive knowledge in facilities engineering, operations, and maintenance is essential to ensure electrical assets meet the highest standards.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly. Live, work and play in one of Canada's fastest growing cities. Kelowna boasts miles of lake access, public areas and outdoor recreation opportunities, a vibrant downtown and cultural scene, healthy and connected neighbourhoods, and a world-renowned College and University. You're only a quick link to the world via the Kelowna International Airport.

Grow your career in an organization that supports employee work-life balance and career and professional development. This exempt position offers a salary range of \$119,800 to \$139,700, employer-paid comprehensive benefits, an earned day off program, paid vacation and one of Canada's top pension plans.

The City of Kelowna is committed to being an organization that values and reflects its community's diverse population, and to fostering an equitable, inclusive and progressive work environment where everyone can be their authentic self and feels a sense of belonging.
