Job Overview

The Township of Langley is currently recruiting for a regular full-time **Engineering Technologist II** (one position total from #25-U151 and #25-U154) to join our team of professionals in the Public Works Division, Utilities Operations Department. Reporting to the Manager, Utilities Operations, in this unionized position you will coordinate assigned construction projects, develop work schedules, monitor progress, and project costs.

Responsibilities

- Perform planning, design, estimating, inspection, and functions for municipal water and sanitary systems
- Prepare, review, and maintain a variety of materials such as technical studies and status reports, correspondence, tender and project specifications
- Draft reports, contract documents, letters/memos, and related correspondence for utilities operations
- Coordinate utilities programs and liaise with a variety of internal/external contacts, consultants, contractors and other agencies on engineering requirements, policies and related matters
- Respond to enquiries/complaints and provide solutions to a variety of situations
- Perform related work as required

Qualifications

- Graduation from an institute of technology with a diploma in civil and structural technology, building technology, or related discipline, including or supplemented by courses in project management, plus considerable related experience preferably in a municipal setting; or an equivalent combination of training and experience
- Considerable knowledge of engineering principles, practices and techniques used, and experience with a variety of engineering software packages, databases, and utilities applications
- Sound knowledge of budget and standard costing fundamentals for operations projects and programs
- Ability to liaise and coordinate on major construction projects, contract documentation and administration of utilities operations projects
- Ability to communicate effectively and tactfully with internal/external contacts, the public, consultants and contractors

Required Certifications/Licenses

Candidates **must** have the following valid and **current** certifications/licenses (must be valid at the time the posting closes) and these **must** be attached with your application.

- BC Class 5 (full privilege) Driver's License or equivalent driver's license for where you reside. You must include with your application a current **Personal Driving Record (select the 5-year option if obtaining online)** that has been obtained within 6 months of the closing date. To obtain a copy of your **Personal Driving Record**, please contact ICBC directly or the driving authority where you reside. Please note that a copy of your Driver's License and the Driver Factor Report **will not** be accepted.
- Certification or eligibility for certification as an Applied Science Technologist within the Province of BC

Applications without the attached required documents above will be deemed incomplete and may not be considered. Please title your attachments with the number of this competition and have these documents ready to upload when you apply.
