

Supervisor – Public Works

You're the person who makes sure things get handled when a snowstorm hits or a pothole opens up overnight—and you like it that way. As **Supervisor – Public Works**, you'll lead the crew that keeps Olds' streets, sidewalks, and trails safe and usable all year long.

What you'll do

- Plan and lead daily work on streets, sidewalks, trails, and signage.
- Jump on equipment when needed (plow trucks, graders, sweepers, etc.).
- Organize winter operations: snow removal, sanding, and on-call response.
- Work with the mechanic to keep the fleet in good working order.
- Coach and support a small crew, helping them work safely and effectively.
- Help plan seasonal work, recommend equipment replacements, and support projects from tender to completion.

What you bring

- Several years' experience in municipal/public works (roads, sidewalks, or similar).
- Experience leading a crew or shift in a hands-on environment.
- Comfort operating heavy equipment and a strong safety mindset.
- High School Diploma (or equivalent) and Class 3 Driver's Licence with Air.
- Intermediate First Aid & CPR/AED Level C (BL) and Level 1 Public Works Supervisor Certification (or a plan to obtain it).
- Ability to work outdoors in all weather and meet the physical demands of the role.

Pay, schedule & benefits

- \$42.25 – \$47.80 per hour, based on a 40-hour work week.
- Standard hours 7:00 a.m. – 3:30 p.m., Monday–Friday, plus some evening, night, weekend, and rotational stand-by shifts (30-minute response time).
- Comprehensive benefits and participation in LAPP.

A detailed job description can be found on the Town of Olds website at www.olds.ca/careers

How to apply

If this sounds like the kind of workday you'd be proud of, send your resume by **8:30 a.m. on January 5, 2026**, to:

Human Resources
