SCOPE

We are currently hiring a Plumbing Manager who will play an integral role within the Planning & Development's Building Division. Reporting to the Director, Building Division, the Plumbing Manager is responsible for overseeing the operation of the Plumbing section while leading and managing a team of unionized building officials and inspections staff.

EMPLOYMENT STATUS

Exempt - Regular Full-Time

RESPONSIBILITIES

The Plumbing Manager is responsible for:

- Ensuring the construction of residential, commercial, institutional and industrial structures are in conformance with established building, plumbing, fire, health and safety codes, by-laws and associated standards within the City.
- Administering enforcement of building standards, policies, procedures, and programs, by interpreting by-laws, codes, and regulations specifically related to plumbing. The position will also involve advising and consulting with engineers, architects, developers, contractors, and the public in these matters.
- Assisting in the development and implementation of requirements and standards associated with applicable by-laws and codes, for the construction and alteration of City owned buildings.
- Leading the Plumbing Section's efforts in implementing process changes associated with various digital review and permitting initiatives.
- Leading a team of unionized employees in Plumbing roles.
- Performing a variety of other duties as required.

QUALIFICATIONS

- Completion of an applicable Bachelor's degree in engineering from a recognized university or hold a Certificate of Qualification for the Province of B.C. as a Plumber or equivalent with supporting apprenticeship and experience, plus a minimum of 7 years progressively responsible related experience. An equivalent combination of education, training and experience may be considered.
- Thorough knowledge of plumbing code and by-law enforcement, field inspection standards and practices is required along with the ability to review and interpret complex technical reports, provide guidance and leadership, and communicate effectively.
- Registration with EGBC or BOABC is required.
- Directly related experience within the public sector or municipal environment is preferred.
- Management and/or supervisory experience in a unionized environment is an asset.
- Strong interpersonal and communication skills with the ability to adapt to a wide variety of stakeholders.
- Ability to provide service, think critically, and deliver results to mutually meet the needs of developers, consultants, and members of the public, while maintaining corporate priorities.
- A valid and unrestricted driver's license is required.

Additional Info

- This position requires completion of a Police Information Check.
- Successful applicants must provide proof of qualifications.
- M3 - \$135,720 - \$159,671
