

**Build your career
with the City of Prince George**

Utility Serviceperson Certified

Regular Full-Time
Utilities / Civic Operations

Build, Maintain, and Safeguard the City's Vital Infrastructure!

About our community:

Boasting a high quality of life and standard of living, Prince George has all the amenities of a large city mixed with the friendliness and appeal of a smaller community. It is a regional centre for close to 326,000 people for shopping, education, health care, the arts, and sports. Prince George's central location in the province offers work/life balance with unparalleled access to four-season outdoor recreation activities that are complemented by a full range of urban amenities and a comprehensive transportation infrastructure that connects residents, businesses, resources, and agricultural products to markets around the world. And it is only a short drive to almost anywhere in Prince George – spend less time commuting and more time doing what matters most to you! Discover all these opportunities and more!

About our organization:

The City of Prince George is committed to ensuring a positive, well-balanced work environment for its employees. With opportunities for employee training, wellness programs, and professional development, the City of Prince George offers a safe and supportive workplace in which to serve our community.

About the opportunity:

In this challenging position, you will be responsible for the daily operation and maintenance of the water, sanitary sewer, and storm sewer systems for the City of Prince George. You will ensure that safe work practices are followed while installing, repairing, maintaining, and constructing underground and above-ground water, sanitary, and storm services. Additionally, you will inspect and maintain fire hydrants, valves, catch basins, and manholes. This role requires shift work, as you will respond to public calls and handle emergency situations.

About your background:

To be considered for this position, you should have a Grade 12 diploma and ideally hold an EOCP Level 1 Certification in Water Distribution System Operation & Maintenance or an EOCP Level One Certification in Wastewater Collection Systems. Alternatively, sufficient hours towards obtaining either certification will be accepted. If you do not have an EOCP certification, you should have at least one season of experience in utilities or a related field. You value a strong commitment to safety and customer service excellence, along with the ability to identify problem areas and facilitate effective problem resolution. For more details on EOCP Certifications, please visit www.eocp.ca. A full privilege Class 5 BC driver's license (or out of province equivalent) is required. The successful incumbent must be able to obtain and maintain a clear Police Information Check for offenses related to the position. A baseline hearing test is required.

Why You Will Love Working for our Utilities team at the City of Prince George:

- Use your specialized skills to ensure water, sanitary sewer, and storm sewer systems are well-maintained.
- Work with a cohesive team to solve problems and rectify actual and potential safety hazards.
- Enjoy a competitive wage of \$37.19 - \$40.78 per hour plus a comprehensive benefits and pension package.

**If you are interested in joining our team, please apply by February 10, 2026 to:
