Mechanical Maintenance Supervisor

Join our dynamic team

Bring your mechanical expertise and leadership to the City of Kelowna and make a visible impact every day. As the Mechanical Maintenance Supervisor, you will keep critical building systems performing at their best by planning preventative and corrective maintenance, leading projects, and guiding staff and contractors. You will champion sustainability, safety, and reliable service while ensuring work meets regulatory requirements and City policies.

Qualifications

The ideal candidate will have either a Mechanical Engineering Degree, or Red Seal ticket in a mechanical trade. A minimum of 5 years of leadership and management experience in the field of facilities management is required along with a working technical knowledge of mechanical systems including HVAC, hydronics, plumbing, gas-fired systems, and general knowledge regarding facility maintenance and operations. This role requires a strong understanding of asset lifecycle principles and preventative maintenance integration and experience supporting the delivery of capital projects and asset lifecycle programs within a facilities or infrastructure environment. We are looking for a proven influential leader with excellent communication, teambuilding and interpersonal skills to effectively lead a team.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly.
