

**Information Technology Department**  
Competition #J0526-0317  
**Database Applications Analyst/Developer**  
One (1) Temporary Full-Time Position

Reporting to the Director, Information Technology, the Database Applications Analyst/Developer will oversee the management of all corporate relational databases. This position must specialize in coordinating the integration of corporate business systems and optimize the storage and maintenance of corporate data, thus improving the City's ability to serve its customers.

Responsibilities include, but are not limited to:

- Collaborate with the Director, Information Technology in the ongoing development, installation, configuration, programming, implementation, and operation of all database systems within the organization. This includes short-term and long-term planning reviews.
- Manage business analysis by maintaining up-to-date knowledge about leading technologies and municipal programs and services in order to review the adequacy of the information systems and recommend improvements or system enhancements to improve systems security, cost-effectiveness or operating efficiencies.
- Optimization of Corporate databases including SQL Server performance, backup schedules, restores, and security.
- Research, test, and implement database product updates as appropriate to business needs, security, and/or technical requirements.
- Provide ongoing management of spatial data and associated attribute databases, including generation of metadata and quality control.
- Evolve existing intranet and internet mapping solutions to meet the growing needs of city staff and the city's customer base.
- Develop, evaluate, and document data standards and maintenance procedures for the collection, distribution, and maintenance of corporate datasets.
- Create test environments as required by other information technology staff or corporate departments for product update testing, process testing and/or troubleshooting.

The successful candidate will possess a post-secondary Diploma or Degree in Computer Systems, Information Technology, or related discipline. Ongoing professional development in Database Administration, Systems Integration, GIS, and Software Development is encouraged. A minimum of 5 years of related experience, preferably in a municipal environment, is required. The incumbent will possess direct experience supporting CityView and Microsoft SQL Server in a municipal or enterprise environment. Additional experience with ESRI/GIS applications, Crystal Reports, SSRS, Power BI, Microsoft.NET applications, Laserfiche/ECM systems, ERP or Asset Management systems, and workflow automation platforms is considered an asset. Experience building or supporting integrations between enterprise systems (i.e., APIs, ETL processes, automated workflows, GIS integrations, or data synchronization) is preferred. This position requires strong analytical, organizational, and problem-solving skills, and the ability to work well under pressure.

**Hours of Work:** 37.5 hours weekly, Monday – Friday

**Duration:** August 4, 2026 – August 4, 2028

We believe in supporting our employees both professionally and personally. In addition to a positive and collaborative work environment, we offer the following:

- Competitive wages
- Training/education and professional development opportunities
- 50% discount for you and your family to applicable City facilities
- This position is not eligible for benefits or pension

The City of Fort Saskatchewan offers a wage range of \$50.36 to \$59.25 per hour. Qualified applicants are invited to apply in confidence no later than **Thursday, June 25, 2026**, through the Career Portal on the City's website at [www.fortsask.ca](http://www.fortsask.ca).

Take your Career in the Right Direction

Fort Saskatchewan, home to nearly 30,000 people, is a vibrant economic and cultural hub located in Treaty 6 Territory and Métis Nation of Alberta District 11, just 15 minutes northeast of Edmonton. The City of Fort Saskatchewan proudly manages recreation, culture and historic amenities including a performing arts theatre and a fitness centre within the Dow Centennial Centre and the historic 1875 – 1885 NWMP Fort Representation in the heart of downtown. Located on the banks of the North Saskatchewan River, Fort Saskatchewan boasts more than 80 km of paved trails along with many natural areas for residents to explore. As a City, we believe in diversity and inclusion and are working toward creating a city where all residents are respected and have a sense of belonging.

***The City of Fort Saskatchewan thanks all applicants for their interest and advises those applicants under consideration will be contacted.***
