Position Title: Draftsperson II

Position Status: Full-Time Regular

Department: Water Services

Employee Group: Teamsters Local 31

Location: 4515 Central Boulevard, Burnaby

Salary Range/ Wage Rate: PG T17 \$2,483.13 - \$2,918.85 bi-weekly

Our Water Services Department is seeking a Draftsperson II who will work with our engineering and CAD teams to prepare and deliver engineering drawings related to Metro Vancouver's facilities, including water, liquid waste and other works. Your drafting assignments may range from supporting operations and maintenance teams, preliminary design, up to records drawings.

You are an intermediate CAD/ BIM professional with wide ranging infrastructure experience, including working experience in preparing Electrical, Instrumentation and Controls (EIC) engineering drawings of moderate complexity for water, sewage and drainage systems. You have several years of experience using drafting tools such as Autodesk AutoCAD, Revit and Plant 3D software.

This role:

- Prepares engineering drawings of moderate difficulty for water, sewer and drainage systems, sewage treatment plants, water reservoirs, pumping stations and ancillary structures, and related electrical services and instrumentation.
- Prepares base plans, topographical maps, electrical and instrumentation drawings; prepares graphs, tabulations, bills of materials, and engineering sketches; copies, traces, revises and colours a variety of drawings.
- Prepares sets of 'as built' drawings for completed construction and installation projects.
- Reduces and plots survey notes. Makes basic technical calculations for dimensioning drawings such as chainage distances, slopes, grades, vertical distances, angles and pipe bends.
- Performs other work of equal importance, difficulty and responsibility requiring comparable qualifications.
- Performs related work as required.

To be successful, you have:

- Completion of Grade XII, including or supplemented by courses in mathematics with Trigonometry and Physics, plus one year post-secondary training in drafting. Some experience in municipal drafting in related work or an equivalent combination of training and experience.
- Working knowledge of drafting practices, techniques, symbols and terminology.
- Working knowledge of basic technical mathematics and familiarity with engineering nomenclature and practices.
- Ability to carry out oral and written instructions.
- Ability to draw and letter efficiently in both pencil and ink on paper and drafting film.
- Ability to perform moderately difficult drafting assignments and carry out a variety of routine clerical tasks related to drafting work.
- Good drafting, visual and numerical aptitude.
- Skill in the use of drafting and computing instruments or equipment such as design and drafting applications (e.g. AutoCAD, Revit, Navisworks, Forma, etc.).

Our Vision:

Metro Vancouver embraces collaboration and innovation in providing sustainable regional services that contribute to a livable and resilient region and a healthy natural environment for current and future generations.

Metro Vancouver employees proudly serve the region and demonstrate the behaviours and attributes of six leadership competencies: Accountability, Adaptability, Building and Nurturing Relationships, Communication, Continuous Learning, and Strategic Thinking and Action.

At Metro Vancouver, we are committed to cultivating a diverse, safe, equitable, and inclusive work environment for all. We strive to attract and retain a talented, diverse workforce that is reflective of the region we serve. If an accommodation is required during the recruitment and selection process, please contact careers@metrovancover.org for support.
