Training Opportunity Terms & Conditions

The City of Kamloops encourages career development and professional growth for its employees. Training postings (including training opportunities and "in-training" postings) allow staff the prospect of moving into an area of the City operations that they may not otherwise have the experience or qualifications to bid into.

To support this, the parties have adopted the following terms and conditions for training postings. To illustrate your acceptance of the terms and conditions, please initial each item, date and sign at the bottom.

1. MANAGEMENT/EMPLOYEE RESPONSIBILITIES

The City recognizes that there is a joint responsibility for the development and success of the trainee. It is management's obligation to regularly monitor and assess the trainee's work to ensure that they are completing the requirements of the training. It is the employee's obligation to meet the commitments of the training posting, attend any training or educational sessions required and to participate in applicable duties at the workplace.

2. TRAINING TERMS

Training terms may vary in length, based on the amount of experience that the successful qualified applicant brings to the position.

3. ACCESS TO TRAINING

Employees will be allowed to access a maximum of three training types (training opportunity and/or in-training) during their employment with the City. The third training type, apprenticeship, will have a maximum of one opportunity.

Where the situation exists for an employee to pursue multiple opportunities related to a particular career path within a Division, consideration will be given on a case by case by the Employer to waive the access restrictions.

4. EMPLOYEE COMMITMENTS

- a) Employees must commit to the training term stated on the posting.
- b) After completion of the training term, employees must remain in the position for the commitment term stated on the posting.

- c) For a period of one year after completing the training term, employees (unless they are otherwise employed full-time outside of the classification), must accept any vacant shifts that should arise in the classification they have been trained in if that shift remains vacant after a posting or bid meeting process.

Any employee who does not fulfill the commitments of a training posting through their own actions will not be allowed access to any other training types in the future.

5. SENIORITY FOR TRAINEES

New employees hired for a training position will not obtain seniority during their probation period. If a trainee passes their probation period, seniority will be calculated as per the Collective Agreement and given to the employee at that time.

6. LAYOFF AND RECALL FOR TRAINEES

The trainee will be laid off before junior, fully qualified incumbents in the classification. The trainee will be recalled last after junior, fully qualified incumbents in the classification.

7. TRAINEE PROBATIONARY PERIODS

The probationary period for employees in training opportunities will be six (6) months. As per Article 10(i), for existing employees, the trainee will be returned to their former position if they fail their probation. As per Article 10(d)(iii), the employment of externally hired employees may be terminated at any time during the probation period at the absolute discretion of the employer, provided however, that such discretion is not used in an arbitrary, perverse, or capricious manner.

The Union has agreed to consider requests for longer probationary periods based on the length of the training term and/or a trainee's progress.

Employees with seniority, who have passed their probation period but do not fulfill the commitments of a training posting will forfeit the right to return to their former position but will be placed on an unpaid leave of absence and allowed to use their seniority for one year to bid on another position in the organization.

8. OVERTIME CALL OUT

In the event of an overtime call out, fully qualified staff will be called first. Trainees may be considered at management's discretion.
